Page Title:	Tekno NA Grade Descriptions - US Stock	
Page #:	3 of 18 - Chapter 2	July 2003

Tekno NA Grade Descriptions - US Stock

Note: Not all grades are offered in all species.

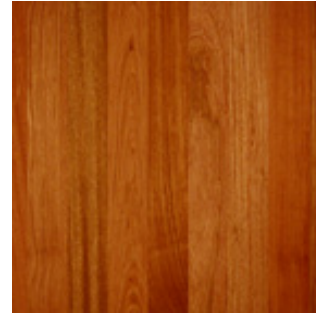

Quartered Clear Grade:

Quartered Clear Grade is 100% selected straight grain and is further color-selected to provide the most uniform-looking floor.

Wenge - quartered clear grade

Clear Grade:

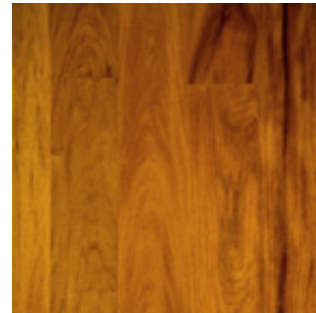

Clear Grade is our color-selected grade without defect with mixed graining.

Brazilian Cherry - clear grade

Select Grade:

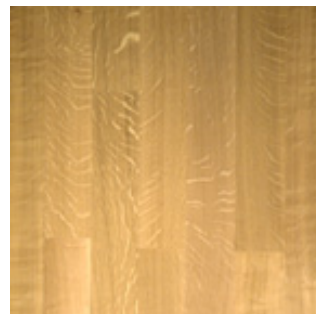

Select Grade is a mixed grained selection without defect with a more varied color range than found in our clear grade.

Patagonian Chestnut - select grade

Rift & Quartered Select Grade:

Rift & Quartered Select Grade is 100% selected straight grain w/o defect but with a bit more color range than our clear grade.

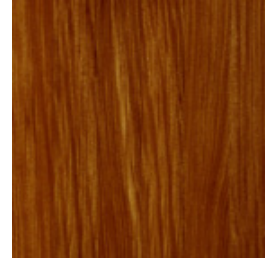

French White Oak
rift & quartered select grade

Tekno Grade Descriptions - Italy Stock

Note: Not all grades are offered in all species.

Quartered Clear Grade:

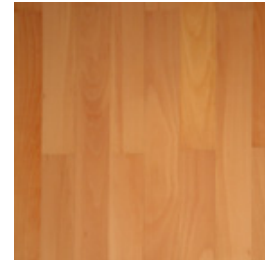

Quartered Clear is **Italian Primo Grade** and is a clear grade, mostly straight grain.

Afromosia - quartered clear grade

Clear Grade:

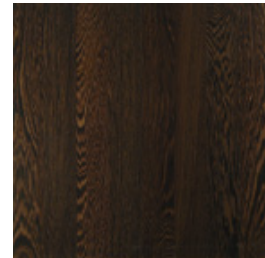

Clear is **Italian Primo Grade**, but in this case it is a clear grade which is mixed grain.

European Cherry - clear grade

Select Grade:

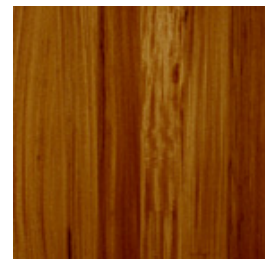

Select is **Italian Standard Grade**, which is similar to a US low select grade.

Wenge - select grade

Natural Grade:

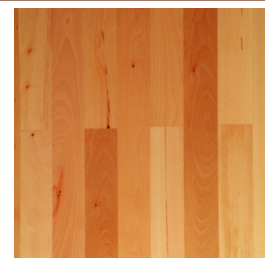

Natural is **Italian Naturell Grade** that allows a wider range of color and some pin knots.

Afromosia - natural grade

Rustic Grade:

Rustic is **Italian Rustic Grade**, which allows the full range of color and character found in the species.

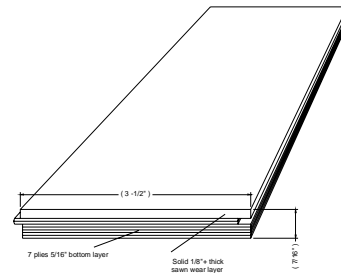

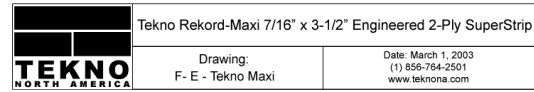

European Beech (not steamed) - rustic grade
